Sue Ellen Cox, MD, FAAD
5821 Farrington Road, Ste. 202
Chapel Hill, North Carolina 27517

Dear Dr. Cox,

Congratulations! The application you sponsored for Morris Grove Elementary School was selected as a recipient of a grant through the American Academy of Dermatology's (AAD) Shade Structure Program. The organization has been notified and an AAD staff member will be following up to facilitate the management of the grant and the installation of the shade structure.

The AAD received numerous applications for this year's program and the selection process was challenging. I was heartened to see the number of AAD members like you who support local organizations in their commitment to sun safety. I hope you will consider working with Morris Grove Elementary School to host a community celebration acknowledging their new addition and I look forward to seeing the photos of the newly installed shade structure.

I commend you on your volunteer efforts and thank you for your dedication to educating the public about sun safety.

Sincerely,

William D. James, MD, FAAD
President
